USAGE

Further guidance on using the EnGenius logo

- Do not alter or deform the shape of the logo in any way. The logo must appear exactly as shown: the elements, proportions and relationships must not change.
- Do not replace the logotype with a different typeface.
- Do not imitate any element of the logo, including its trade dress.
- Please include the following trademark notice in all materials: The EnGenius word and logo are trademarks of EnGenius Limited (or its subsidiaries) in the US and/or elsewhere. All rights reserved.
- Do not use the logo or logotype as an element in titles, headlines or text.
- Do not place competing visual elements (including but not limited to other trademarks) close to the logo.
- Do not set type near to the logo that could be construed as a corporate slogan or motto.
- Do not display the logo more prominently than your own trademarks, logos and names. This includes, but is not limited to company name, trade name, product name, service name, technology name, social media name or handle.
- Do not use or register the logo (or any part of it) as part of another trademark, logo or name. This includes but is not limited to a company name, trade name, product name, service name, technology name, social media name or handle.
- Do not use the logo in any manner that expresses or implies that EnGenius has any affiliation, spon sorship, endorsement, certification, or approval of your product, service or company.
- Do not use the logo to make fun of EnGenius or portray EnGenius in a negative way.
- Any and all goodwill arising from use of the logo inures exclusively to EnGenius Limited.

EnGenius reserves the sole right to alter or refuse any permission to any third party to use the EnGenius corporate logo if such use does not comply with these guidelines.
